ProPhotonix Limited
("ProPhotonix" or "the Company")

ProPhotonix Launches enhanced German Language Website

ProPhotonix Limited (London Stock Exchange - AIM: PPIX and PPIR, OTC: STKR), a designer and manufacturer of LED illumination systems and laser diode modules with operations in Ireland and the United Kingdom, today announces the launch of its enhanced German website, www.prophotonix.de

This improved website is part of an on-going project designed to enhance the web experience of ProPhotonix' international customers. These enhancements further strengthen the Company's product and service offerings to the growing German-speaking machine vision lighting, laser diode & laser module markets.

Tim Losik, CEO of ProPhotonix said of the launch "Providing our German speaking customers easy access to our web site and product/service information is vital to improving customer support in this expanding market. We will continue to add content and product material in this and other international languages to support our expanding global presence."
