ProPhotonix Limited

("ProPhotonix" or "the Company")

**ProPhotonix to Exhibit Diode Laser Solutions at Laser World of Photonics in Munich, Germany,
June 22nd - 25th, 2015.**

New Laser Diode Solutions from ProPhotonix

ProPhotonix Limited (London Stock Exchange - AIM: PPIX, OTC: STKR), a designer and manufacturer of LED illumination systems and laser diode modules with operations in Ireland and the United Kingdom, is pleased to announce that it will exhibit its laser diode solutions at Laser World of Photonics, Hall B3 Booth 301.

With unique access to the latest in laser diode technology, coupled with 20 years of experience in laser module design & manufacturing, ProPhotonix will exhibit new blue, green and violet laser diode modules. On display will be the recently released 488nm Photon laser module, the new Compact 520nm laser module and a high powered 405nm laser module designed for superior output control.

In addition, the company's range of high quality, configurable laser diode modules will be demonstrated. Included in these demonstrations will be the 3D PRO series of structured light lasers, a range of Photon modules, a fiber coupled laser module display, as well as examples of laser modules tailored to specific application needs such as medical & biomedical equipment, 3D printing, food sorting, aerospace & defense, scanning, alignment and industrial applications.

Jeremy Lane, Managing Director of Laser Operations at ProPhotonix commented, "We are delighted to be exhibiting at Laser World of Photonics and look forward to demonstrating our diode laser solutions."

About ProPhotonix

ProPhotonix Limited, headquartered in Salem, New Hampshire, is an independent designer and manufacturer of diode-based laser modules and LED systems for industry leading OEMs and medical equipment companies. In addition, the Company distributes premium diodes for Ushio (formerly Oclaro), Osram, QSI, Panasonic, and Sony. The Company serves a wide range of markets including the machine vision, industrial inspection, security, and medical markets. ProPhotonix has offices and subsidiaries in the U.S., Ireland, U.K., and Europe. For more information about ProPhotonix and its innovative products, visit the Company's web site at www.prophotonix.com.
