

REACH Statement of Compliance

Regulation (EC) No. 1907/2006 (REACH Regulation) is a European Union chemical regulation that entered into force on 1st June 2007. REACH stands for Registration, Evaluation, Authorisation, and Restriction of Chemicals. The regulation aims to ensure a high level of protection for human health and the environment while enhancing innovation and competitiveness in the chemical industry.

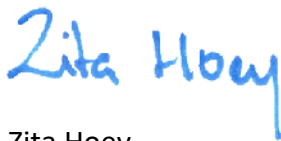

As a downstream user, we are responsible for providing information to our customers. However, we are not responsible for the registration of substances.

The goods you purchase from ProPhotonix Ltd do not, by definition of REACH, require registration. Any chemical substances contained in our products that may be subject to registration must be registered exclusively by our suppliers.

Based on our ongoing engagement with suppliers and regulatory monitoring, we confirm that to the best of our knowledge all ProPhotonix products comply with the latest REACH Candidate List, as updated by on November 7, 2024.

Should any changes occur in the REACH compliance status of our goods or packaging, we will promptly inform our customers.

For further inquiries regarding the implementation of the REACH regulation in our company, please do not hesitate to contact us
